UPDATES FROM THE GDBP

guysborough district business partnership

www.guysboroughdistrictbusiness.ca

FB: Guysborough Distrucit Business Partnership

New GDBP Board Member

The GDBP Board is very pleased to welcome our newest member, Keri Roberts! With roots in both Canso and Guysborough, Keri along with her partner Mitchell have returned home to raise their children where they grew up and start their own small business in MODG- Grant's Heavy Equipment Ltd.

Since Keri's return to the area she has not only been actively involved in the community, but she has been working on growing their business and is eager to play a bigger role in supporting the development and continued success of other small businesses in MODG. Her interest shown in the participation on the GDBP board coupled with her ambition for her own business, makes her a well-rounded addition to the group.

A big welcome to the business community Grant's Heavy Equipment Ltd., and to the GDBP Board Keri!

Doug Griffiths and 13 Ways Inc.

For those of you who participated in the GDBP's signature event in February of 2023, you have firsthand knowledge of the impact that Doug Griffiths' "13 Ways to Kill Your Community" keynote had. The GDBP board took the public participation and interest in the event, as a sign that we need more of Doug and his extensive experience in community development and his honest advice, to help guide us as a community and a region to set the right future priorities.

Doug and his colleague Heather Thomson will be working with the GDBP over the coming months and will be looking to hear from local individuals, groups and businesses in the community. If you would like to have a discussion with either of them and provide your input in the process, you can email doug@13ways.ca or heather@13ways.ca to do so!

New Local Business

A new business has recently opened on Main Street in Guysborough, repurposing and rebranding the former Rose's Garden of Gifts location. The business has reopened with new owners and a great new name the "Crazy Daisy Floral Boutique!"

The ambitious crew behind the reopening are Katherine Nickerson, Melanie Newell and Neil Sullivan and we welcome them to the business community! Be sure to stop by their shop located at 102 Main Street and check out some of their new and locally made products-and of course for all your continued floral needs!

A huge thank you to Rose Fitzgerald for her 30+ years of friendly and dedicated service to the residents and businesses of MODG!

ArtWorks East Summer 2023

#AWESummer!

The Waterfront Gallery

The ArtWorks East gallery will open again this summer on the Guysborough waterfront beginning with Canada Day, July 1. This year, we have over 40 members displaying all kinds of painting, photography, pen-and-ink drawings, prints and monoprints, quilted products, jewelry, hand-made greeting cards, grass baskets, wood products (sculptures, bowls, boxes, and pyrography), stained glass art, crocheted amigurumi dolls, sea-glass crafts, signs and home decor, driftwood products, polymer clay creations, wire sculptures, and even clothing and handbags (crocheted, colour-splashed clothing and otherwise). *We hope you'll drop by frequently. We promise that every week will be different.*

Serving the Community with Workshops and Classes

We also have workshops and activities lined up this summer on introductory stained glass, hand-made card construction, and jewelry plus our annual *plein air* painting event. Also, painting classes for our senior citizens will continue through the summer and fall. *Stay tuned for dates and times.*

Fund-raising for the Future

This year, for the first time, we're actually trying to raise some money for ArtWorks East so we can hire a part-time manager. We've been an entirely voluntary organization since 2019, but our growth in members and new opportunities means that we need help. We'll be raising money this summer with a silent auction for some beautiful paintings, several raffle baskets, and other activities. *Maybe you would like to support us?*

Hi there- summer is here! It's so nice to see the sun and warmer temperatures.

Spring brought the return of our pop-up offices- Charla and I brought our constituency office to a number of communities, including Canso, New Harbour and Lincolnville. We come to you if you can't come to us!

It's shaping up to be a busy summer for events in Guysborough-Tracadie. I'm especially looking forward to festivals in the Municipality of the District of Guysborough, including Guysborough Come Home Week, the 2023 Stan Rogers Folk Festival and many more.

As always, please don't hesitate to contact my constituency office if I can help with an issue- call 902-533-2777 or email GregMorrow4GT@gmail.com.

An Update from Maritime Launch

This July, Maritime Launch will welcome Launch Canada to Nova Scotia to host students from York University's Arbalest Rocketry team as they launch an amateur rocket from Spaceport Nova Scotia's first launchpad.

This industry-partnered grassroots rocketry initiative will be led by Launch Canada, an organization that supports and advances the science, engineering and business of rocketry in Canada. Launch Canada represents over 1000 post-secondary students across 26 Canadian universities and their amateur launch competition brings together Canada's rapidly growing student rocketry community with academia, industry and government, to help unlock the full innovative potential of students, showcase Canadian excellence, and expand international collaboration.

Maritime Launch is building Canada's first commercial spaceport and will be looking to hire and build talent, right here in Nova Scotia. We are thrilled to have a chance to support this demonstration at Canada's first orbital launch facility, and perhaps the future home and workplace for the students that are participating in this demonstration.

There are not many places in Canada that can accommodate a high-altitude launch. Usually, Launch Canada hosts their launches in Cochrane Ontario, however, since Maritime Launch has secured a regulated site safe for commercial launches up to a medium class vehicle, it's an ideal opportunity to host the demonstration at Spaceport Nova Scotia.

The vehicle students will launch is called "Goose 3". Last August, "Goose 2" was launched from Cochrane, Ontario along with many other university teams who built and launched their own rocket. Launch Canada follows Canada's regulations that govern amateur rockets as directed under Transport Canada, and they work with many federal and local community partners to ensure a safe demonstration.

We are so pleased to be host to the talent and enthusiasm of some of Canada's brightest and most highly motivated student rocketeers. The skills and qualities that the students will acquire on site at Spaceport Nova Scotia be invaluable for their careers and help drive the growth of Canada's entrepreneurial space and launch sector.

We look forward to welcoming these students to the communities of Canso, Hazel Hill and Little Dover. While this event is an educational tabletop exercise for the students and not open to the public, we look forward to sharing photos and videos following.

Signal Gold Thanks Local Emergency Crews

The months of May and June have been a challenging time in Nova Scotia given the situation with persistent forest fires. Local emergency crews also responded to a fire near the Goldboro Project.

On May 29th, when it became clear at about mid-day that a fire had started in the woods near our core shack, we made the decision to evacuate field staff and contractors and notified Emergency Responders. Responders were on site quickly and successfully managed the fire throughout the day, until extinguished. The Department of Natural Resources and Renewables remained on site the following day to monitor the area in the event of any flare-ups. It was determined that the fire was not related to any foul play. Once determined safe to do so, and in compliance with provincial regulations, staff and contractors returned to the site for work.

We are incredibly fortunate to have local first responders and we want to acknowledge the prompt and thorough response. Also, our thoughts are with those people and communities in the province who have lost their homes, pets, and belongings.

SPOTLIGHT: Each newsletter going forward will include a Goldboro Team feature. For this edition, we are beginning to introduce you to valuable members of our Exploration Team – some friendly faces in your community!
