

# PLOT PLAN

## ACCESSORY STRUCTURE OR ADDITION

Please plot location of accessory building or addition. Indicate dimensions, distances between the accessory building or addition and property lines, and street names. Also show distance between any accessory building and the existing building.

The diagram consists of a large blue-outlined rectangle representing the property. In the center of this rectangle is a smaller blue rectangle labeled "Existing Main Building". To the left and right of the property rectangle are vertical blue bars, each containing a white rectangular input field for a street name. Below the property rectangle is a horizontal blue bar containing a white rectangular input field for a street name.

Street Name:
